RE: Andrews for Congress Committee C00243428

Dear Mr. Pope:

This letter is in response to the request for additional information from you dated May 13, 2008.

I am unsure as to how the figures in Colum B for Lines 7(a), 7(c), 17, and 22 of the Summary and Detailed Summary were off by \$1,845.77. I ran the report again and the figures corrected. The report should reflect this change. If it did not transmit correctly again, please let me know.

I have corrected the beginning cash balance for the April report. It appears I made a typo in inputting the data.

As to our "best efforts" in tracking contributor information: If a contributor does not provide all the requested identification information, as Treasurer, I either make a phone call to the individual, or if I do not have or cannot obtain a phone number, the committee sends a letter via mail, or email if that address is known, within 30 days of the receipt of the contribution.

The letter and/or the phone call clearly asks for the missing information without soliciting a contribution, reminds the contributor of the federal law requiring reporting of the information and, if necessary, a pre-addressed envelope is included for the contributor's convenience. In addition, when, or if, the committee receives a response, the campaign report will be amended to reflect the new information.

I also make every attempt to search for missing information myself, while waiting for a response via the internet by doing a search through Google.

I have also corrected the purpose of some of the disbursements so that they are more concise.

As always, thank you for your help on these compliance matters. Please let me know if you need any additional information.

Very truly yours,

Maureen A. Doherty
